

Municipal Building Committee

252 Baldwinville Road

The hate group, Let the People Speak, Inc. has had a major impact in town politics. After the recent Board of Selectmen's meeting (2/13/12) it appears the people of Templeton can speak, but the Board of Selectmen will not listen! The \$400,000 override question for the Municipal Building was defeated, by the voters of Templeton. The vote was 454 votes in favor and 934 votes **AGAINST** funding this project.

The current Board of Selectmen seems intent on ignoring the "voice of the people". In order to remedy this situation, I will be initiating the following Citizen petition:

Municipal Building Committee

To see if the Town will vote to disband the Municipal Building Committee. The citizens of the Town of Templeton request the following public documents:

All documentation related to the purchase of the property at 252 Baldwinville Rd to include but not be limited to:

Signed Purchase and Sale agreement

Completed USDA loan application from the applicant

Signed Settlement Statement/Settlement Agreement

Identification of Real estate broker for this transaction

Appraisal of the building

Documentation of building inspection prior to purchase

Documentation of soil testing

Documentation of air quality testing

Documentation that all liens including back taxes were paid to the Town of Templeton

Or to take any other relative thereto.

I will need to gather over 100 signatures by March 12, 2012 in order for this question to be placed on the warrant for the Annual Town Meeting in May. If you would like to sign this citizen petition, please contact:
